Purpose: Maintenance at RPM for the record the agreed upon governing principles of each of the **congressional district, BPOU, and judicial district party** units as written in their most current constitutions and bylaws. This is a simple, common sense requirement that will give RPM guidance for those instances when individuals within a party unit are not able to settle internal disputes and look to the state party for advice and assistance accordingly.

MOTION:

Redesignate current RPM bylaws Article VII to become Article VIII, leaving the language and intent of the current Article VII exactly as stated in the new Article VIII.

(Add replacement Article VII to RPM Bylaws)

“The current constitution and bylaws of each congressional district, BPOU, and judicial district shall be transmitted to the RPM Secretary during June of each year for the record.”
